EXPLANATORY NOTE: This Index covers the eleventh year of the publication of AMERICAN HERITAGE as a "magazine in book form"—i.e., with hard covers and without advertising.

The Index is divided into two parts:

Part one, the General Index, lists subjects, authors, names, places, and titles appearing in the six issues from December, 1964, through October, 1965.

Part two is a separate Index of Illustrations. Because of the emphasis AMERICAN HERITAGE places on pictures, all illustrations in VOLUME XVI are classified in this section by artist, title, and subject.

Additional copies of this eleventh annual Index, as well as the Indexes for the first ten years of the hard-cover publication of AMERICAN HERITAGE, are available at \$1 each.

A hard-covered Five Year Cumulative Index, completely cross-referenced and containing a special index of illustrations, for the issues from December, 1954, through October, 1959, is available for \$3. A second Cumulative Index covers the first decade of the magazine's hard-cover publication. This Ten-Year Index of the 60 issues from December, 1954, through October, 1964, is available at \$5. All indexes may be ordered from the magazine's Sundry Department, 239 Great Neck Road, Great Neck, Long Island, New York.

Prior to December, 1954, AMERICAN HERITAGE was published for five years as a soft-covered quarterly.

Beginning with VOLUME V, AMERICAN HERITAGE has been indexed in the *Readers' Guide to Periodical Literature*, available in most libraries.
